## MEDICINE WITHOUT ALCOHOL.

Scientifically proven by experiments on animals that alcohol paralyzes the white corpuscles and destroys disease germs.

which is a pure glyceric extract of Seal root, Mandarin and the past forty years as Dr. Pierce of this extract is like a life to the blood.

It cures the blood and purifies the system.

Hotel and

ence and

fact of

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

## WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y., take the advice received and be well.

here Sunday en route to Rove creek on business.

Miss Alice Dean was calling on Mrs. B. Cornette Sunday.

Misses Janie Cornutt and Ruth Meredith were calling on Mrs. D. E. Bellomy last Saturday.

Henry and Charley Woods and Steve Cornutt were calling on J. E. Meredith Saturday.

Miss Carrie Meredith passed through our place last Saturday.

Two Lost Crickets.

### PAY ATTENTION TO THIS.

While much interest is felt and manifested in the prevention and cure of tuberculosis some attention should be given to a disease which, for lack of a better name, the News calls looseness of the mouth. It affects the young of both sexes and is characterized by a paucity of ideas and an almost total absence of brains. The sufferer is apt to have violent attacks in public assemblages at lectures, churches and the like. The disease doesn't seem to hurt the victims so much but the effect upon those near them is sickening. The prevention is proper home training. The cure in mild cases is a convenient piece of weather boarding properly applied. In confirmed cases electrocution is the only remedy.

### A CARD OF THANKS.

It is out of the depths that we send to our friends an expression for their loving kindness during the illness and death of our darling Goldie. During the summer she spent three weeks of her illness with friends at Ulysses, and all that human hands could do for her comfort and recovery was done.

We would thank her Louisa friends for kindness and sympathy shown us as we passed through their city and to all for every act of kindness for music and beautiful flowers at the funeral.

MR. & MRS. Z. H. MOORE and family.

### SHOULD BE STOPPED.

The Government Fish Hatchery to be established in Jefferson county is what Kentucky badly needs, but what it needs much more is to put a stop to the wholesale destruction of the fish in our streams with dynamite.—Ex.

The News is reliably informed that some persons have been us-

ing dynamite near the lock at this place. It should not be a difficult matter for the next grand jury to find out who is the guilty party.
